YOURSELF.

Your greatest enemy is yourself. The only person who can drag you down into drunkenness, dissipation, or uncleanliness is yourself.

It is the fashion to talk much of the self-pity, and to blame environment, heredity, temperament, fate and your fellow creatures for the evils that happen to you.

No real calamity ever crushed you that did not enter the door you unlocked yourself.

All hell could not make you despair, except yourself joined in. Every stone in the edifice of your character was laid by your own hands.

Fate, malicious people and other factors can threaten, hurt and wound you; nothing and nobody can put you down but yourself.

You are your greatest enemy if you are a coward; but if you are brave you are your greatest friend.

Let all the world despise you—it makes no matter as long as you do not despise yourself.

Whatever the past may have been, begin now to stand for yourself, your best self, the high and great self that you know you are away in the deepest recesses of your heart.

Stand! Yield not an inch! Be faithful to yourself! And from this moment things shall take a turn.—Dr. Frank Crane.

WELL AND IN GOOD HEALTH

Since Taking Cardui. After Seven Years of Suffering, Says South Carolina Lady.

Columbia, S. C.—Mrs. L. C. Heilmann, of 331 Washington St., of this city, says: "I have received so much benefit from Cardui, I feel like speaking a good word for it to every lady I come in contact with, that I think needs it, hoping to help some one to get well, as I did."

I had been sick in bed for a long time with the change of life. The doctor tended me all along, and finally one morning when he came he said he believed I would have to go to the hospital yet. I said No. I then read all of the testimonials in the Ladies' Birthday Almanac and then I phoned for a bottle of Cardui and commenced taking it. I began to improve from then on. I took five bottles continuously, then off and on for awhile, and I was well . . . and have had good health ever since. I am glad to say I have recommended it to a lot of my friends.

I was troubled for seven or eight years before I took Cardui. I think it is the best medicine on earth for female troubles. . . . If this testimonial will help some one else you are at liberty to use it if you like."

Begin taking Cardui today. It may be the very medicine on need. Your druggist sells it. Get a bottle from him today.

BUYING GOWNS FOR MRS. GALT BRINGS FRENCH INTO ACTION.

WASHINGTON, Nov. 19.—While official circles here were interested in the news from Paris that the dressmakers syndicate had dispatched a New York dealer, said to have been commissioned to buy gowns for Mrs. Galt, President Wilson's fiancée, no comment was forthcoming. The White House took no notice of the reports. It was generally agreed by those who discussed the matter that there was no possibility of a diplomatic question being raised. According to the reports the New York firm had planned to buy the gowns from a Paris house. However, French officials refused to sanction the deal as the officers of the American establishment are said to be of German descent.

ASK VANCE ESTATE TO SUPPORT CHILD

Attorneys for Mother Will File Motion This Forenoon.

Happy in the possession of her "million-dollar" baby, Benjamin Vance, Jr., Mrs. Gladys Vance has the infant at the home of her father and stepmother in Kendall addition. The baby was given into the care of its mother in the office of Dr. D. U. Wadsworth at 8 o'clock Thursday night, following a court ruling in Mrs. Vance's favor.

For the present Mrs. Vance has retained the services of the nurse, Mrs. J. A. Smith, who has had charge of the infant ever since it was taken from its mother. This was deemed advisable by her attorneys and the nurse will be kept until the child has become accustomed to its mother again.

While the baby is now in Mrs. Vance's possession, it by no means is an end of the struggle of the mother to determine her rights through the law. Now will come the legal battles to set aside the decree of divorce procured by her husband shortly before he died and the breaking of the will which put the mother off with hardly a penny of the rich estate.

The juices that give taste to an apple are called esters. These vary with soil and climate. The spice and bite of the mountains are necessary to produce the crisp tang of the apple that you like best.

Revive the Good Custom

Miss Spokane asks you to remember the days when you were younger and the dearest privilege that you had was to go into the old cellar and get a big red apple—a shiny one that glowed when you rubbed it on your sleeve.

And the joy of that first bite! How the white meat did crackle beneath your teeth and the spicy juice touched your lips with a flavor that you will remember all your days.

And, just think, that custom has been dying out and the boys and girls of today have been missing one of the privileges of childhood. Perhaps it has been dying because good apples have been hard to get and nobody wanted to eat wormy, diseased apples, any more than they would eat wormy meat or wormy bread.

Now Miss Spokane asks you to revive that good custom and have a box of perfect apples in your home, where the boys and girls can go for the delicious, healthful fruit to munch and where you can go for the apples that everyone will enjoy during the evening time.

Her growers this year have shipped their apples direct from the orchards to Oklahoma that they might be bought by you by the box at bargain prices:

"Redskin" Miss Spokane Wagners, \$2.35

"Sunset" Miss Spokane Wagners, \$2.20

For a big box of 47 to 50 pounds of perfect apples delivered to your home. The "Redskin" and "Sunset" labels guarantee the quality—perfect apples without a worm in a box.

Treat your family to a box today. These apples will be at their best until after Christmas—only you'll eat them first.

RETURN MINISTERS FOR ANOTHER YEAR

Rev. McConnell and Rev. Barton Both Sent Back by Conference.

Not only their immediate congregations but Tulsa generally were gratified to learn that Rev. J. H. McConnell, pastor of Tigert Memorial M. E. church, south, and Rev. I. S. Barton, pastor of Boston avenue M. E. church, south, had been returned to the city for another year's work. It is the first time that a pastor of Tigert Memorial church has been returned for the third term and testifies to the popularity of Reverend McConnell, both with his home folks and the conference. Two of the best churches in the conference asked for Reverend McConnell's services for the coming year.

Rev. J. H. Hall was also returned as presiding elder of the Tulsa district for the third term. He will preach at Tigert Memorial church Sunday evening. Reverend McConnell will occupy the pulpit tomorrow forenoon.

Splendid Record.
Beside the general improvements that were accomplished during the past year at Tigert Memorial church Reverend McConnell succeeded in making fifty conversions and adding 12 new members to the rolls. The official report shows that the Sunday school at Tigert Memorial has the best record of any Sunday school in the conference. All financial collections were met in full by the church during Reverend McConnell's pastorate. The total membership of the church at present is 235.

The Boston avenue church made a gain of thirty new members during Reverend Barton's first term and is perhaps the strongest financial church in the Oklahoma district at the present time.

Reverend Barton announces that he has prevailed upon Bishop Edwin H. Mazon of Dallas, Texas, one of the greatest men in the Methodist church, south, to spend December 12 in Tulsa. Bishop Mazon will preach at the Boston avenue church on that date.

The Variety.
"What kind of a melon is it which the corporations cut?"
"Well judging by the condition of their stock, it must be a sort of watermelon."

GIRLS, BE CAREFUL

NEW YORK, Nov. 19.—Dr. C. T. Graham Rogers, director of the bureau of industrial hygiene of the state labor department, began an investigation today into the death yesterday of Miss Sophia Rosen, a factory girl who is believed to have died from anthrax, contracted from wearing a cat's fur neckpiece.

Dr. Rogers declared cheap dyed fur, especially that of cats, now being used on women's clothes, was much more likely to spread anthrax than the more expensive varieties.
